Dear Mr. Anglin, Chris, + Skip:
What special people you
are!

Unfortunately I am not
very competent computer-
wise to do a post-- but
wanted you to know how
deeply I appreciate your
time, integrity and TLC.

As you know a large
Atlanta Company attempted
to scam me-- sent me a
totally laughable contract
that I believe only a
fool would sign. Chris
promptly came to my home
and gave me an honest
opinion and recommendation.

I did read all of your
many excellent reviews---
and it is obvious that you
have consistently treated
your customers well and
honestly.

One lawyer even posted that his job deals with lawsuits against foundation + related companies -- and he has learned there is only one company to deal with and it is Anglin's. Wow! That says it all.

Unfortunately right now I have 43 year old kitchen ovens that no longer work and no replacement parts available -- so that is my next expensive project.

But I am keeping Sebastian's business card for future use.

Thank you so much for being an honest company!

Sincerely,

Jean Middlebrook
